## Guess this kind of puts it up to you, Mrs. Jones-to-be!"

#### It's up to you, honey.

I'll do all I can—but they don't pay privates in the Army very much.

So—it's up to you. It's your turn now, to wear the pants, hold down a job, and take care of the Jones' future finances.

You're smart enough to do it, too. To realize that if you'll take every cent that you don't need to live on

and tuck it away in those same War Bonds I've been buying—we'll do all right.

I'll be coming back someday. I know that. I don't think anything could happen to a fellow who's going to marry you. And when I do come back...

With what I've saved in War Bonds, and what you're going to save in War Bonds, and with the extra money those Bonds are going to bring—well...

We'll have a stake. A stake that'll help us to make up for all the time I've been away.

And we'll have something else, too—something that we wouldn't want to be without. Between my fighting and your buying, we'll have the knowledge that we both toed the line and did our share.

So buy those Bonds, honey. And hang onto them.
Till the day when I get back—it's up to you!

Keep faith with our fighters - buy War Bonds for keeps!

### A Brief History of Our Church . . .

Organized August 1st, 1940, by its present pastor. The church began with 97 charter members-now has a membership of well over four hundred. Six hundred and fifty-one have come through the doors of this church.

Blueprints for a Memorial Auditorium costing \$35,000.00 are now in hand, and will go into construction when Japan is defeated. This church is proud of its young preachers and missionaries. Five young men have been called by God to preach—two young ladies as missionaries.
